<b>Display Systems and Industrial Communications</b>	Mark box "X"
<b>Numeric Displays</b> 4 to 24 digits with choice of interfaces	
<b>Graphic/Text Displays</b> Field bus or serial interfaces	
<b>'Pick-to-Light' Modules</b> 'Paperless' warehouse solutions	
<b>Large Numeric Displays</b> Digit heights 60mm to 250mm	
<b>Customised Large Displays</b> Tailored to your specific requirements	
<b>Large Graphic Displays</b> Up to 3m x2m, choice of interfaces	
<b>Industrial Interfaces</b> Field bus or Ethernet to/from serial	
<b>Industrial Keyboards</b> Profibus-DP or serial interface	
<b>Touch Screen Displays</b> Field bus or serial interfaces	
<b>Industrial Panel Instrumentation</b>	Mark box "X"
<b>Analogue Panel Meters</b> Patented EN 61010-1:2001 safety standards	
<b>Electronic Bargraph Meters</b> Modern indicator/controllers	
<b>Digital Panel Meters</b> Extensive range of models	
<b>Indicator/Controllers</b> Adjustable alarm relay set points	
<b>Thermal Panel Printers</b> Print text, graphics and barcodes	
<b>Multi-function Power Meters</b> Profibus-DP or RS232 options	
<b>Electrical &amp; Process Transducers</b> Power, frequency, temperature . . .	
<b>Intelligent Message Displays</b> With text memory or 'slave' versions	
<b>Appliance Safety Testers</b> VDE 0701/0702/0751 standards	
<b>Accessories</b> Shunts, CTs, Switches and Indicators	
<b>Probes</b> Differential, Scopes and DMMs	

<b>Portable Test and Measuring Instruments</b>	Mark box "X"
<b>Multimeters</b> Hand-held and bench ranges	
<b>Clamp-on Multimeters</b> For AC, DC and power applications	
<b>Electrical Testers</b> For all electrical installation testing	
<b>Multi-channel Recorders</b> Thermal and 'paperless' versions	
<b>Miniature Data Loggers</b> Temperature, humidity & DC voltage	
<b>Environmental Testers</b> °C, RH, lux, dB, pH, CO & m/sec	
<b>Bench Power Supplies</b> Extensive range up to 1200W	
<b>Function Generators</b> Models up to 50MHz	
<b>Oscilloscopes</b> Digital and analogue families	
<b>Frequency Counters</b> Models up to 3.5GHz	
<b>LCR &amp; Capacitance Meters</b> Hand-held and bench models	
<b>Portable Spectrum Analysers</b> 3.3GHz and 8.5GHz models	
<b>TV Field Strength Meters</b> Digital/analogue; satellite, terrestrial & cable	
<b>Network Cable Testers</b> For Ethernet and Token Ring	
<b>Accessories</b> For test and measuring instruments	
<b>Stix® Thermometers</b> Thermocouple & infrared types	
<b>Stix® Multimeters</b> Rugged tool bag size electrical testers	
<b>Stix® Carbon Monoxide Meter</b> Compact hand-held model	
<b>Stix® Manometer</b> For gas pressure testing	
<b>Stix® Light Meters</b> Compact digital lux meters	
<b>Stix® Thermo-Hygro Meters</b> Temperature and humidity combined
